Office of the Assistant Secretary

JAN 31 2000

MEMORANDUM FOR SEE DISTRIBUTION

FROM: SAF/AQ
1060 Air Force Pentagon
Washington, DC 20330-1060

SUBJECT: Closeout and Reconciliation of Contracts in Mechanization of Contract Administration Services (MOCAS)

As DoD moves to a shared data environment for acquisition, logistics, and financial information, we must focus AF management attention on preparing for the migration from legacy systems to new systems. MOCAS, used to administer and voucher payments for nearly all weapon system contracts, is a case in point. It will retire at the end of September 2002 and be replaced by the Defense Procurement Payment System (DPPS).

Rather than transfer old contracts to the new system, we must work with DCMC to close out all physically complete contracts by September 2002 and reconcile the remaining contracts so they can migrate to DPPS. Contract closeout is not a new challenge but now requires high priority attention. We expect a new Defense Reform Initiative Directive (DRID) shortly, requiring us to create coordinated plans for this transition and establishing a high level Integrated Process Team to monitor implementation.

I request program offices within your portfolio review the status of all contracts, identify those for closeout and apply the necessary resources to help successfully retire MOCAS and transition to DPPS. Your program offices should work closely with contractors, Defense Contract Management Command offices, auditors and Defense Finance and Accounting Service-Columbus. As a first cut, a list of contracts over $100 million is attached.

I would like the status of contract closeout briefed at all portfolio reviews until further notice. Once the DRID is signed and joint plans are developed, additional information will be distributed. Points of contact are Mr. Eric Kattner, SAF/AQCP, DSN 425-7056 and Ms. Sylvia Youngman, HQ AFMC/PKPA, DSN 787-4852.
